Range Improvement Fund Drive

We would like your help! If you or a friend would like to make a donation to the club's Range Improvement Fund and can donate a minimum of \$100, you will receive an investment gift. The Green Valley Rifle & Pistol Club will present you with a Genuine Piece-Type Silver Dollar made in the 1920s as well as a Limited Edition Certificate. These coins are in great condition and come in a protective case. They make a great addition to your collection or investments, and they make great gifts for kids or grandkids. This is a great opportunity and allows the club to match grants and gifts offered to update all of the ranges as well as the improvement of existing ranges at the Hallsville Range, as well as the continuing updates at the Columbia Range. If you would like to make a donation please contact Range Fund Chairman, Don Martin, for more information (2207 Oak Cliff Drive, Columbia MO 65203). Forms can be found on the club website.

The 2013 Fundraising campaign will likely run on into the new year. It is progressing well but we are still short of our goal of \$20,000. For anyone who has contributed already, we thank you, especially at this time of economic uncertainty. For those who have not been able to at this time we would ask you again to help out if at all possible. Please also pass this on to anyone you know who may be interested in contributing to this great cause.

Member Accomplishments

Many of our members travel across the state and even across the country for many different reasons: competitions, hunting, family vacations. If you have a recent experience or accomplishment you would like to share with our members, please email your story (pictures welcome!) to amanda.io.brown88@gmail.com or you can mail it to the club post office box (address on page 2). Each month we will feature a new member story. Remember, accomplishments or events do not have to be shooting related. Also, this column will feature shout-outs and thank yous. If you would like to recognize a fellow member for all of their hard work on a project or at the range, please send those stories to the contact above.

Range Updates

Range Upgrades are progressing on schedule. To date most of the heavy work has been completed and concrete poured for the mover ranges in readiness for the new target systems due to be installed early spring. The new systems will mount the running gear for the moving targets at ground level out of sight behind a protective wall. This means there will be no wires or foot ropes to get in the way of day to day use of the ranges making them available to all of our members, the competitive disciplines, Law Enforcement and other training institutions.

We would like to take this opportunity to thank Action Target, MidwayUSA and the NRA for their contributions the range development project. Without their support these improvements would not have been possible. We would also like to thank our membership for first of all putting up with the inconvenience of the earthworks and also for their generous donations to our 2013 fundraising campaign. Last but not least we would like to thank Emery Sapp's and Jim Woods who have done most of the heavy work to ensure this project stayed on track.

CHAPMAN PHILOSOPHY
SHOOTING FROM STRENGTH, MOVE
QUICKLY, SHOOT CAREFULLY AND
USE COVER WHEN AVAILABLE

Range Closures

Lower Mover will be closed until the installation of the rail mover system has been completed.
